BRENDMO

Cookie Policy

Version 0.1.0-draft | Effective 2026-10-12 | Draft for legal review

What this website and the application store in your browser, and the choices you have.

1. What cookies and similar storage are

Cookies are small files that a website saves on your device. Websites can also use other browser storage for similar purposes, such as session storage that is cleared when you close the browser tab.

2. What we use today

- Sign-in session: after you log in, the application keeps your sign-in token in your browser's session storage so you stay signed in while the tab is open. It is cleared when you log out or close the tab. It is strictly necessary for the application to work.
- Hosting and security: our hosting providers may set technical cookies or headers needed to deliver the site securely and protect it from abuse.

3. What we do not use

We do not currently use advertising cookies or third-party tracking, and we do not sell information collected through cookies. If we add analytics or other optional cookies in future we will update this Policy and ask for your consent before using them.

4. Your choices

You can block or delete cookies and clear site data in your browser settings. If you block strictly necessary storage, you will not be able to sign in.

5. Contact
